### Steps to Overcome the POP UP issue in Google chrome.

1) Open Google chrome with any newer version and enter the following URL in the URL tab.

#### chrome://flags/#origin-agent-cluster-default

Opening the above URL – Settings highlighted "Origin-keyed Agent Clusters by default" in yellow colour will be displayed and will have a "default" indicator set in it.

Click on the dropdown menu and select the "Disabled" Button.

# A Prompt will be displayed in the browser to "relaunch" the Browser to take effect of the settings made.

Access the SNC portal as usual. Pop UP windows will be working as usual. (With the new setting made in the Google chrome browser)

Latest version Google chrome browser now works and displays the POP up windows
